Business Description

This is your chance to acquire a turnkey, well-established designer and manufacturer of specialty portable video products that allow operators to see into areas that are either dangerous or inaccessible to enter. This company has a team of engineers and industry specialists dedicated to making the critical work performed by their customers easier, safer, and more effective. The company has had a successful track record for over 21 years and earned an excellent reputation for many pioneering innovations in surveillance, rescue and industrial inspection technology.

They offer an array of portable video solutions, which along with standard definition video systems, wireless systems and components. The systems are engineered and designed for dependability, rapid deployment, modularity with field-swappable components.

Consistent revenues, combined with a great team and loyal customers makes this business a great investment or add on to your business.
